

New Zealand National Clinical Nurse Specialist Conference

“Advancing CNS practice”

Call for abstracts....

Continuing the journey....

This one day event aims to build on the Inaugural CNS Conference (Christchurch 2009)

The theme “**Advancing CNS Practice**” reflects the ongoing progression of the Clinical Nurse Specialist role, supporting patients & developing services.

Whilst CNS’s work in different specialties this conference will focus on our commonalities; namely being a patient **Advocate**, providing an expert **Resource** for patients and colleagues, **Quality** improvement and **Strategic** development of services and roles (the ARQS model).

Conference:

Friday 13 May 2011

@ Novotel, Hamilton Tainui

www.novotel.com

ARQS model of practice (The role of the CNS)

Call for abstracts....

Abstracts for verbal presentations are invited for “**Advancing CNS practice**” Preference will be given to abstracts that address the Clinical Nurse Specialist (CNS) commonalities of **Advocacy**, **Resource**, **Quality** Improvement and **Strategic** development.

- Verbal presentations maximum 20 minutes.
- Abstract to describe the core theme(s) of your presentation and how your presentation applies to all CNS’s (max 150 words).
- Call for abstracts closes 19 September 2010.
- Successful applicants will be contacted by 31st October 2010.

Call for posters...

We welcome interest to display posters showcasing CNS work. Please email short description of poster (150 words). Closing and contact dates as above
